Annual Message

To the Members of Cumberland's Town Council and Our Taxpayers,

This proposed FY2020 budget is the first step in a two-step process toward a structurally balanced budget – one that eliminates the use of fund balance as an ongoing source of income to cover annual operating expenses. In the FY 2019 Budget, \$1.7 million of fund balance was used as a revenue source to pay for day-to-day operating expenses. The continuous reliance on fund balance has placed the Town in an unsustainable financial situation.

In the proposed budget, the reliance on fund balance as a revenue source for day-to-day operating expenses has been reduced in half from last year's budget. The remaining dependence will be removed in next fiscal year's budget. The result will be a balanced budget by FY2022 and a return to using fund balance as intended by our Town Charter – to prepare for catastrophic events and to invest in Cumberland's future.

We understand this represents a significant challenge with significant sacrifice across the entire town including for our taxpayers. But, to move forward, we have to overcome this challenge and regain our solid financial position. We have faced similar challenges in the past and emerged stronger. We will do it again.

How We Got Here

To appreciate the financial situation facing the Town of Cumberland, it is necessary to understand fund balance and the appropriate way it should be used – based on the Town's Charter and sound financial practice – versus the way it has been more recently used.

Fund balance operates in a similar manner to a savings account. It is money the Town has saved over a number of years by keeping expenses down and/or collecting more revenue than anticipated.

The Charter requires the Town to, at a minimum, have a fund balance of 10% of annual operating revenues. These funds are to be used for emergency purposes caused by an unforeseen catastrophic event – similar to a savings account

Annual Message

containing funds to cover living expenses in the event of lost income.

The Charter also requires funds to be set aside in a legal reserve to fund required payments as the result of an unexpected legal judgement – most families do not set aside funds for legal judgements but may set aside money for unexpected emergencies.

And finally, the Charter allows excess fund balance (the amount in excess of 10% of operating revenues) to be used for capital improvements or acquisition of capital assets. This is similar to savings set aside for home improvements.

As the two charts clearly indicate, the use of fund balance has accelerated. At the end of FY 2015, fund balance accounted for almost 21% of the total budgeted revenues. The percentage will have fallen to only 12% by June 30, 2019 or approximately \$8,060,023 – which leaves only \$486,542 of excess fund balance available for investments in the Town.

Since 2015, the Town of Cumberland has been using fund balance not as the Charter intended, but rather as a means to cover annual operating expenses while keeping taxes artificially low. At the same time, the economy was recovering from the Great Recession and the Town was not impacted by unforeseen expenses. It is during times like these, a growing economy, in which the operating budget should not be

balanced by drawing down excess fund balance, but rather any surplus should have been ADDED to the fund balance providing the Town with additional funds to be used for long-term investments in capital improvements.

The most important point: **fund balance was NEVER intended to be used year-after-year as a means to balance a budget while increasing expenses and keeping taxes low.**

So, why does this matter? Why can't Cumberland continue to keep taxes low and balance the budget with excess fund balance? For one, this is not the intended use of fund balance according to Town Charter. Excess fund balance should have been used to update outdated computer equipment and software, or fund the complete renovation of the senior center, or develop more field space, or rehab our Town buildings. It should not have been used year after year to balance the budget while artificially keeping taxes low.

And the most obvious reason; eventually, you simply run out of excess fund balance.

Annual Message

To put the Town back on a road to economic stability, it will take a long-term approach and a combination of weaning the Town off of the use of fund balance by reducing expenses and/or generating more revenue.

The Proposed 2020 Budget

The total proposed budget for Municipal and Education Services is One Hundred Two Million, Six Hundred Sixty-Nine Thousand, Two Hundred Ten dollars (\$102,669,210) which is an increase of One Million, Eight Hundred Forty-Seven, Two Hundred Eighty-Seven dollars (1,847,287).

The proposed budget is supported by an increase in the tax levy of 3.93%. Preliminary estimates of the new tax rates are as follows:

- Residential \$15.06 per thousand dollars valuation
- Tangible \$30.04 per thousand dollars valuation
- Motor Vehicles \$19.87 per thousand dollars valuation

The proposed budget includes expenditures for Municipal Government Operations of Thirty-One Million, Nine Hundred Ninety-Nine, One Hundred Eighty-Seven dollars (31,999,187), an increase of Six Hundred Eighty-One, One Hundred Seventy-Four Dollars (\$681,174).

The proposed education operating budget is Seventy Million, Six Hundred Seventy Thousand, and Twenty-Three dollars (\$70,670,023), an increase of One Million, One Hundred Sixty-Six Thousand, One Hundred Thirteen dollars (\$1,166, 113)

The proposed 2019/2020 Budget begins a two-year process of eliminating the use of excess fund balance to cover day-to-day operating expenses. It also establishes a reserve to fund unexpected legal expenses and stabilizes expenditures.

Legislative Actions to Compliment Proposed Budget

To strengthen Cumberland's financial standing, we will be proposing an amendment to Ordinance 16-20 - Amending the Source of Funds Used for the Acquisition of Open Space and Recreation Land Acquisition. This recommendation will transfer additional revenue to the General Fund for FY19 and FY20.

We will also be recommending the reassignment of assigned fund balances to allow for the establishment of both a health claims reserve and legal judgement reserve.

Health Claims Reserve	\$300,000	Capital Projects	\$200,000
Legal Judgement Reserve	\$300,000	Emergency Medical Services Capital Reserve	\$52,078
Vehicle Replacement Reserve	\$200,000	Community Development	\$100,000

Annual Message

In addition, we propose an amendment to Ordinance 09-30 – Relating to the Town of Cumberland Fund Balance Policy - to call for a structural balance of the budget. This change in policy will require future budgets to be structurally balanced where recurring revenues equal or exceed recurring expenditures. In the event fund balance must be used due to unforeseen economic challenges, the policy will call for a plan to replenish fund balance and a return to a structural balance. The policy will also require a budget presentation before the Town Council to identify how recurring revenues are aligned with or not aligned with recurring expenditures.

Looking Forward

While we work together to reduce the reliance on excess fund balance, Cumberland will continue to move forward through the efforts of our members on a number of projects.

Broad Street Regeneration

Thanks to the efforts of our state representatives and town council, \$3 million dollars has been restored to the Broad Street Regeneration Project. Starting this year, \$16.5 million will be invested into the revitalization of Broad Street as it runs from Pawtucket to Central Falls and through Cumberland to its intersection with Mendon Road. Broad Street will be resurfaced, bridges repaired, and the streetscape improved. On this foundation, we can once again build a thriving commercial corridor through Valley Falls.

Net Metering Agreement

The Town of Cumberland has entered into an energy savings net metering agreement with Southern Sky. It is anticipated that the Town will realize projected savings of \$360,000 annually with an initial balloon payment of \$500,000 to be used to jump start the revitalization of Diamond Hill Park.

Revitalization of Diamond Hill

The Town has submitted a Master Plan to the Champlin Foundation in support of its request for funds to rebuild the ski lodge into a community space for public gatherings, special events, weddings, farmer's markets and recreational classes. Additional phases will include improvements to traffic flow, relocation of the amphitheater, creation of a family green space, parking lot upgrades, additional signage, pedestrian safety installations, security and lighting, and improving the appearance of the pond.

Cumberland Senior Center Rehab

The long-awaited restoration of Cumberland's Senior Center began in February. New ceilings, light fixtures and flooring have been installed. Through the hard work and skill of members of our Highway Department, bathrooms have been upgraded and made ADA compliant. Paint has gone up and work is underway to enlarge the exercise area. Cumberland has applied for a Community Development Block Grant to complete the

Annual Message

restoration. Any funds awarded will be used to replace the kitchen, upgrade the electrical system, install a new heating system, and provide a much needed face-lift to the exterior with a new entrance, insulation, siding and outdoor garden area.

Traffic Calming

We have developed a Traffic Calming initiative to curb speeding and improve safety measures on our neighborhood streets. This framework will formalize the process for citizens to identify areas of concern and notify the Cumberland Traffic Officer. Once an issue is brought to the attention of the Town, it will be evaluated against set criteria and ranked against other known locations in Town. The Traffic Officer will then provide recommendations to address the issue and determine the effectiveness of the recommendations that are implemented. This initiative takes an integrated approach by including representatives from the Police Department, the Mayor's Office, Public Works, and Highway in the conversations around community safety.

Thank you

We would like to thank the team at Town Hall, Public Safety, Highway, Water, School Committee and the School Administration for their time in providing me with input and insight in the preparation of this budget. Your efforts are greatly appreciated.

And, thank you to the Town Council and our taxpayers for taking time to participate with us in determining the future of our Town.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read 'Jeffrey J. Mutter', is positioned above the printed name.

Jeffrey J. Mutter
